If you renew your confidence in me, I will continue to serve and assist our new president to the best of my ability and expertise.

I am a professional artist with a degree in quantitative management techniques. I can bring to the Board my expertise and the fruit of my various experiences both professional and associative having exercised my activities within several offices including the presidency of the FFAP, the FISM Europe Board and currently of FISM International.

During my mandates, I developed several computer tools to simplify the FISM management by setting up a certified accounting tool. The creation and development of FISM cards and tools for the technical organization of FISM competitions.

In my professional life, besides my work as an Artist.

I am the founder and manager of a mutualist artistic secretariat created in 1981 and which manages about 650 files per year for about 380 artists.

My fields of expertise are event organization, accounting/management, taxation, human resources and of course the show business for which I have devoted my entire professional life.
